## Course Description

This joint ACT/STP course, held every other year, will be held at the **Courtyard Marriott in Gaithersburg, Maryland** in 2014. The lectures are given by highly respected pathologists with current, relevant experience in toxicologic pathology. Lectures will cover anatomy and physiology, spontaneous and chemically-induced pathological changes, clinical pathology and case examples. The knowledge gained will be immediately applicable to your day-to-day practices. Different organs or systems are featured in subsequent courses.
