Course Description

This joint ACT/STP course, held every other year, will be held at the Gaithersburg Marriott Washingtonian Center, Gaithersburg, Maryland. The lectures are given by highly respected pathologists with current, relevant experience in toxicologic pathology. Lectures will cover anatomy and physiology, spontaneous and chemically-induced pathological changes, clinical pathology and case examples. The knowledge gained will be immediately applicable to your day-to-day practices. Different organs or systems are featured in subsequent courses.

Day 1, Monday, May 16*
