

ACT/STP Pathology for Nonpathologists

May 18–20, 2020

Course Location:
Gaithersburg Marriott Washingtonian Center, Gaithersburg, Maryland

Course Description

This joint American College of Toxicology and Society of Toxicologic Pathology course, held every other year, provides lectures given by highly respected pathologists with current, relevant experience in toxicologic pathology. Lectures will cover anatomy and physiology, spontaneous and chemically induced pathological changes, clinical pathology, and case study examples. The knowledge gained will be immediately applicable to your day-to-day practices. Different organs or systems are featured in subsequent courses.
